

Do you or your
child have
asthma?

Is your asthma
difficult to
control?

DCHHS can help!

Introducing the **FREE**
DCHHS Asthma Home Visit Program!

The program helps you identify and avoid asthma triggers and develop asthma self-management skills. Currently, the program includes **virtual home visits** and medical referrals to our partner healthcare systems as needed.

Enrollment for home visits is currently underway!

To learn more or participate in the program:

Call: (214) 819 - 5115
